

Human Anat & Phys II Syllabus
BIOL 2402 Section: 1505
2026 Summer

Course Information

Credit Hours: 4

Term: 2026 Summer

Course Times: 12:00 AM to 11:59 PM

Instructor Information

Dr. Victor Garcia Martinez

Email: Victor.H.GarciaMartinez@lonestar.edu

Office Location

LSC- North Harris, 2700 W W Thorne Dr. Houston, TX 77073.

Office WNSP-210G

Student Engagement Hours

Zoom by email appointment (Victor.H.GarciaMartinez@lonestar.edu)

Department/Division Contact

Ellen Turnell

Dean of Natural Sciences and Mathematics Division

Ellen.E.Turnell@lonestar.edu

Office: 281-618-5761, Winship 115

Course Overview

Description: A continuation of BIOL 2401 Human Anatomy & Physiology I. Emphasis will be given to the study of the anatomical and physiological interrelationships of the endocrine, circulatory, immune, respiratory, digestive, reproductive and urinary systems. Designed primarily for students entering health careers.

Prerequisite(s): Frequent Prerequisite: College Level Readiness in Reading AND Writing. Prerequisites: BIOL 2401.

Student Learning Outcomes

1. Use anatomical terminology to identify and describe locations of major organs of each system covered.
2. Explain interrelationships among molecular, cellular, tissue, and organ functions in each system.
3. Describe the interdependency and interactions of the systems
4. Explain contributions of organs and systems to the maintenance of homeostasis.

5. Identify causes and effects of homeostatic imbalances.
6. Describe modern technology and tools used to study anatomy and physiology.
7. Apply appropriate safety and ethical standards.
8. Locate and identify anatomical structures.
9. Appropriately utilize laboratory equipment, such as microscopes, dissection tools, general lab ware, physiology data acquisition systems, and virtual simulations.
10. Work collaboratively to perform experiments.
11. Demonstrate the steps involved in the scientific method.
12. Communicate results of scientific investigations, analyze data and formulate conclusions.
13. Use critical thinking and scientific problem-solving skills, including, but not limited to, inferring, integrating, synthesizing, and summarizing, to make decisions, recommendations, and predictions.

STAR Bundle

Students in this course are automatically enrolled in the STAR Bundle, which provides access to all required course materials by the first day of class. The cost is charged to your student account and is included in your tuition and fee statement.

PLEASE NOTE: Continuing Education (CE) courses are NOT part of STAR Bundle.

Digital materials are available in D2L, our Learning Management System (LMS). If your course includes physical materials, you'll receive an email when they're ready for pickup at your home campus store.

You may opt out of the STAR Bundle, but if you do, you'll be responsible for purchasing all required materials on your own.

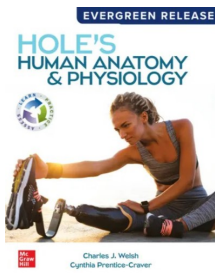

For more details, visit [LoneStar.edu/starbundle](https://lonestar.edu/starbundle).

Dual credit courses offered at high school locations in **Cypress-Fairbanks ISD, Lamar CISD, Incarnate Word Academy, and Calvin Nelms Charter High School DO NOT participate in the STAR Bundle.**

Course materials for these sections are provided at no cost to the student by the high school or through open educational resources. The STAR Bundle applies only to courses taken at a Lone Star College campus, regardless of whether the high school student is enrolled for dual credit or college credit only.

Required Text(s) and Materials

Hole's Anatomy and Physiology

ISBN 13: 9781264398560

Authors: Charles Welsh and Cynthia Prentice-Craver

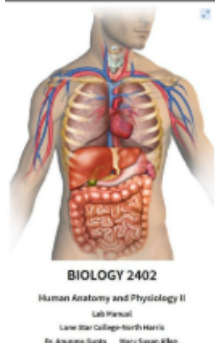

Publisher: McGraw Hill

Publication Date: 2024

Edition: Evergreen release

Notes

This textbook is **highly recommended (not mandatory)**. The Connect access is optional

BIOL2402 digital Lab Manual Lone Star North Harris (TH bundle)

ISBN 13: 9781778775765

Authors: Gupta, Anupma and Allen, Mary Susan

Publisher: Top Hat

Publication Date: 2023

Notes

This material is **MANDATORY**. Go to D2L course Material (Star Bundle), the lab manual is included. If you have any issues, please read the instructions in D2L announcements.

Technology Requirements

In our efforts to prepare students for a changing world, students may be expected to utilize computer technology while enrolled in classes, certificate, and/or degree programs within Lone Star College. The specific requirements for this course are listed below:

You will need a working Laptop or desktop with Web Camera for this class **(mandatory)**. You will need internet connection for delivering assignments or taking exams.

Chromebooks and IPADS are not allowed for taking exams. Your phone will be used ONLY as a second camera for Respondus Monitor, otherwise is NOT allowed. Google chrome web browser works best with D2L and lockdown browser.

Important Course Dates

Couse Start: 2026-07-16

Course End: 2026-08-23

Course Length: 38

Official Day of Record (ODR): 2026-07-20

Midpoint Day of Record (MDR): 2026-08-10

Withdrawal Date: 2026-08-11

Grades Due: 08/25/2026

Final Exam or Final Project Date

Your grade will be based on a percentage of total points earned during the semester versus the total points possible. Assessment of your performance and understanding of the course material include lecture exams, lab exams, Notebook LM activities, lab assignments, extra credit projects, and a final exam.

Grade Determination

Course Assessments

Your grade will be determined by the following course requirements:

Grades Distribution

Course Assessment	Details	Points (if applicable)	Percent of Final Average
Lecture Exams	(5)	100 each = 500	50%
Notebook LM activities	(5)	20 each = 100	10%
Lab Practicals	(3)	70 each = 210	21%
Lab Manual Units	(3)	30 each = 90	9%
Final Exam (comprehensive)	(1) - Chapters 1-12	100	10%
(*) Extra credit	not included in total	Up to 50	Up to 5%
		Total: (*) 1000 points	Total: 100%

See the Tentative Course Schedule for course assignments and due dates

Final Letter Grade

Final course grades will be awarded using the chart provided below.

Letter grades percentages

Letter Grade	Final Average in Percent OR Final Total Point Count
A	90 -100%
B	80-89.9%
C	70-79.9%
D	60-69.9%
F	<59.9%

Instructor and Course Policies

Course Attendance: Attendance to our Zoom meetings is not mandatory, however, highly recommended. Regular participation is strongly recommended to pass the course (**at least 80% of the activities MUST be accomplished online to pass this course**). You are responsible for keeping track of the course.

Non-Attendance Drop (NA): If you do not participate in an academically related activity (Lecture Exam 1) by the Official Day of Record (ODR), you will be dropped from your course and may lose financial eligibility for the semester. Any financial aid funds disbursed to you or your account must be returned to the U.S. Department of Education. **If you want to be dropped voluntarily, YOU ARE RESPONSIBLE for it. You must fill out the paperwork. The instructor WILL NOT fill out any paperwork for you if you want to be dropped voluntarily. I will signed the paperwork AFTER you process the form.** You are responsible as well to check weekly D2L announcements, schedule, and your Syllabus.

Federal Legislation requires Lone Star College to verify attendance for students who receive financial aid each semester. If you are receiving financial aid, you must participate in an academically related activity in each course (First Lecture Exam) by Official Day of Record (ODR) of the enrolled semester.

Lecture Exams: Exam questions can be composed of multiple choice, matching, ordering, fill in the blanks and true/false. Exams will cover material presented in your textbook and other material provided in your D2L. Reading the given material is paramount to your success in this course. Lecture exams are available for 48 hours. You have the flexibility to take the exam anytime during the open window. The exams are 1 attempt only, so be ready to complete the exam once you start the quiz. Once you start, you have enough time to complete the test.

Academic Integrity & Proctoring Requirements:

All exams will be strictly proctored using LockDown Browser and Respondus Monitor, and the use of a second camera is mandatory to ensure evaluation integrity. Detailed instructions on how to set up this secondary camera and properly utilize the LockDown Browser ecosystem are available under the Content section in D2L.

Please note that any form of academic dishonesty, cheating, or irregular behavior during exams or any course evaluation will not be tolerated. Students engaging in such activities may be immediately withdrawn from the course and referred to a disciplinary committee involving the Department Chair and the Dean of Natural Sciences and Mathematics at Lone Star College-North Harris.

Notebook LM activities: In this class you will learn how to use this AI tool to study and to research any topic. Use wisely this tool to help you to excel the material. All the instructions are in your D2L Content.

Lab Practical Exams: For the lab exams, you must recognize the images of lab material and/or list their function. Lab exams are applied only ONCE in person (**they have no make ups**).

Extra Credit Assignments: Several opportunities are provided to earn extra credit (exams questions, gamification activities, etc). Check your weekly class schedule for more details. Some of them are mandatory for the whole group. Late assignments will not be accepted.

Make-up exams/assignments: The lecture exams and assignments are available for several days and the exam schedule is provided to you at the beginning of the semester. So, **I do not allow make ups**. However, in the event of an emergency, if you miss an exam, discuss this with me as soon as possible (in person or by email). Be prepared with documentation to support your case. It is at my discretion to decide if a makeup exam can be given or not. Any misinformation regarding the emergency will cause the score to be changed to ZERO. If you suffer any tech issues taking an exam, call OTS (832)813-6600. Email me the OTS ticket number. Note: **no make up exams are administered during finals week**.

Communication: Please follow proper netiquette while emailing me or any of your classmates. Any email send to me needs to have your class information on it (**Class, section, subject**).

Lone Star College Policies

Attendance

Federal Legislation requires Lone Star College to verify attendance for students who receive financial aid each semester. If you are receiving financial aid, you must participate in an academically related activity in each course by Official Day of Record (ODR) of the enrolled semester.

Attendance Drop (NA)

If you do not attend class or participate in an academically related activity by the Official Day of Record (ODR), you will be dropped from your course and may lose financial eligibility for the semester. Any financial aid funds disbursed to you or your account must be returned to the U.S. Department of Education.

Academically Related Activities (FSA HB Sept.2019)

Academically related activities include, but are not limited to, physically attending a class where there is an opportunity for direct interaction between the instructor and students; initiating contact with a faculty member to ask a question about the academic subject studied in the course; participating in an online discussion about academic matters; submitting an academic assignment; taking an exam, an interactive tutorial or computer-assisted instruction; or attending a study group that is assigned by the school. Academically related activities do NOT include activities where a student may be present, but not academically engaged, such as logging into an online class without active participation, participating in academic counseling or advisement, living in institutional housing, or participating in the school's meal plan. In a distance education context, logging into an online class is not sufficient by itself to demonstrate academic attendance by the student. A student must participate in class or otherwise be engaged in an academically related activity, such as but not limited to, contributing to an online discussion or contacting a faculty member to ask a course-related question via approved communication channels. Completion of an online orientation or syllabus quiz constitutes attendance.

Syllabus Disclaimer

It is the instructor's right to modify the course policies and schedule as necessary to meet the course learning outcomes, therefore, this syllabus is subject to change. Students are encouraged to read the Student Handbook and LSC Catalog for a comprehensive list of college guidelines, policies, and procedures. Prominent policies and their corresponding links are provided in the table below.

The following is a link to all LSC policies listed in the table

<https://www.lonestar.edu/syllabus-policies>

Lone Star College Policies	
Policy	Description & Link
Academic Integrity & Dishonesty	Lone Star College promotes the importance of personal and academic honesty from its students, instructors, and faculty members as defined in the College's Academic Integrity and Dishonesty Policy . Detailed information for students can be found in the Academic Integrity brochure .
Student Code of Conduct	Lone Star College students are expected to follow the Student Code of Conduct . Violation of conduct policies can result disciplinary action, up to and including suspension.

Policy	Description & Link
Course Withdrawal & Six Course Drop Limit	Undergraduate students enrolling as first-time in college students at a public institution of higher education in Texas will be limited to a total of six dropped courses during their entire undergraduate career. Lone Star College uses the term “withdrawal” to refer to a dropped course. Withdrawals occur between the official day of record (ODR) and the posted withdrawal “W” day for the course. Withdrawing from a course will result in a grade of “W” on the official transcript. Drops/withdrawals prior to the official date are not considered “dropped” courses and are not posted on the transcript. No credit will be awarded for a course earning a “W.” It is the student’s responsibility to withdraw prior to the course’s “W” date. Lack of attendance does not constitute as a withdrawal.
Course Evaluation	Course evaluations are the students’ opportunity to provide feedback about their experience in the course. The evaluation questionnaire can be accessed through “Links” under the Student menu in myLoneStar .
Academic Appeals	An academic appeal is a formal request brought by a student to change a grade or to challenge a penalty imposed for violation of standards of academic integrity. Students have 12 calendar months from the date the grade was posted by the registrar to submit an academic appeal. Detailed information can be found on the College’s Academic Complaint and Appeal Process page
Family Educational Rights and Privacy Act (FERPA)	The Family Educational Rights and Privacy Act (FERPA) is a Federal law that protects the privacy of student education records. Under FERPA, records may not be released without consent of the student. Additionally, Lone Star College is permitted to release certain “ directory information ” without student consent. Detailed information and consent form may be found on the Syllabus Policy page .
Title IX	Title IX is Federal legislation that helps protect individuals from discrimination, including but not limited to, acts of harassment and violence, based on sex in education programs or activities. Lone Star College strives to create and provide a safe and supportive learning environment for all students following the guidelines under Title IX. Detailed information can be found on the College’s Title IX page .
College Safety & Security	Lone Star College is committed to providing a safe environment in which to learn, study, and work. The LSC Police Department provides information and resources related to the College’s safety and emergency procedures.
Campus Carry	Lone Star College has established rules and regulations regarding enforcement of the Texas “Campus Carry” law. LSC prohibits concealed carry in some areas of LSC campuses, known as exclusion zones. Detailed information can be found on the LSC Campus Carry page .
Student Services Complaint	Lone Star College provides a structured and transparent process for students to submit complaints and appeals concerning academic, non-academic, and administrative matters. The institution ensures that all complaints are addressed in accordance with applicable policies and procedures, and offers avenues for internal resolution as well as external recourse through the Texas Higher Education Coordinating Board, where appropriate. Detailed information can be found on the Student Complaints web page.

Disability Services

Lone Star College promotes equity in academic access by implementing reasonable accommodations. Students requesting disability or pregnancy-related accommodations must contact the Disability Services Office to self-identify and request services.

[Requesting Accommodations](#)

[Additional Accessibility Services and Resources](#)

Student Support Services

One of our cultural beliefs is [Student Focused](#), which means Lone Star College is committed to your success. If you are experiencing challenges achieving your goals academically or personally, please know that Lone Star College has resources to support you. The table below lists the support services available to students. Additional resources may be found on the [Student Resources](#) page.

Student Resources

Services that support student success and engagement.

• Assessment Center • Campus Hours • Campus Tour • Counseling Services • Disability Services • Information Sessions • Library and Learning Center • Student Life and Health & Wellness • Student Success Institute • Tutoring • Women's Resource Center	• Bookstore • Campus Police • Career and Successful Transfer Center • Dining Options • Food Pantry • International Students • LSC-North Harris Graduation • Student Success and Retention Department • Texas Reskilling Support Fund Grant • Veterans Affairs

Tentative Course Schedule

***THIS SCHEDULE IS SUSCEPTIBLE OF CHANGES**

Week	Date	Lecture Schedule (suggested)	Lab schedule
1	7/16/2026	Introduction	Lab Safety; Ex. 1 Heart - structure, models, histology
	7/17/2026	Chapter 15 Heart	Ex. 2 Sheep Heart Dissection
2	7/20/2026	Chapter 15 Vessels	Ex. 3 Cardiac Cycle – EKG
	7/21/2026	Chapter 13 Endocrinology	Ex. 4 Blood vessels; Ex. 5 Pulse rate, Blood Pressure
	7/22/2026	Chapter 14 Blood	Ex. 4 Blood vessels
	7/23/2026	Ch16 Lymphatics - Lecture Exam 1	Ex. 6 Blood cells
	7/24/2026	Chapter 16 Immunity	Ex. 7 Blood testing & typing
3	7/27/2026	Chapter 16 Immunity	Lab Practical 1
	7/28/2026	Chapter 19 Respiration	Ex. 8 Lymphatic system
	7/29/2026	Chapter 19 Respiration	Ex. 9 respiratory system
	7/30/2026	Chapter 20 Renal	Ex. 10 Breathing, Respiratory volume and Spirometry
	7/31/2026	Chapter 20 Renal - Lecture Exam 2	Review
4	8/3/2026	Chapter 21 Fluid Balance	Ex. 11 Kidney structure
	8/4/2026	Chapter 21 Fluid Balance	Kidney dissection
	8/5/2026	Chapter 17 Digestive - Lecture Exam 3	Ex. 12 Urinalysis
	8/6/2026	Chapter 17 Digestive	Ex. 13 Water and Electrolyte lab
	8/7/2026	Chapter 18 Nutrition	Lab Practical 2
5	8/10/2026	Chapter 18 Nutrition	Ex. 14 Organs of Digestive system
	8/11/2026	Chapter 22 Reproductive system - Lecture Exam 4	Ex. 14 Digestive tract, histology;
	8/12/2026	Chapter 22 Reproductive system	Ex. 16 Male repro.
	8/13/2026	Chapter 23 Embryology, Pregnancy and Development	Ex. 17 Female Repro
	8/14/2026	Chapter 23 Embryology, Pregnancy and Development	Ex. 18: Fertilization & Early development, Human Emb dev
6	8/17/2026	Chapter 24 Genetics and Genomics	Lab Practical 3
	8/18/2026	Chapter 24 Genetics and Genomics	Review
	8/19/2026	Lecture Exam 5	Review
	8/20/2026	Review	Review
	8/21/2026	Final Exam	

Date	Exam
7/23/2026	LE1 (Ch 12, 14, 15)
7/27/2026	LP1 (Ex 1-7)
7/31/2026	LE2 (Ch 16, 19)
8/5/2026	LE3 (Ch 17, 18)
8/7/2026	LP2 (Ex 8-13)
8/11/2026	LE4 (Ch 20, 21)
8/17/2026	LP3 (Ex 14-18)
8/19/2026	LE5 (Ch 22, 23, 24)
8/21/2026	Final (Comprehensive)
